CANADA MAY HAVE NEW FAST LINE
 Negotiations Renewed for Putting C.P.R.'s Pacific Lines on the Run

MONTREAL, March 3.—The proposal to establish a line of fast steamships between Canada and the West Indies has taken on new shape in view of the failure of the negotiations for the purchase of the Canadian Pacific line, which has been going on in the West Indies for the establishment of a fast direct line between the Island of St. John's and the West Indies. The project was recently advertised for sale, but only two were interested, and these demanded conditions which were considered to be prohibitive.

New proposals have been put forward that all the benefits of a fast line to England may be obtained for the West Indies by obtaining a franchise for the use of the big engines in the West Indies, and under the new plan, the big Atlantic liners would be used for the purpose of the West Indies. The Canadian Pacific Company has made a proposal to the Island Legislature to purchase the Canadian Pacific line, and the West Indies, the line being built from the Island of St. John's to the West Indies, and the line being built from the Island of St. John's to the West Indies, and the line being built from the Island of St. John's to the West Indies.

NEW DRESS GOODS AND TRIMMINGS
 The company is asking for a subscription of \$100,000, one half to be paid by Canada and the other half by the West Indies. In return for this the Canadian Pacific Company will give the West Indies the use of the big engines in the West Indies, and the line being built from the Island of St. John's to the West Indies, and the line being built from the Island of St. John's to the West Indies.

HARD LABOR FOR THE SUFFRAGETTES

Those in Yesterday's Rioting Got Impassioned and Hard Labor as Well

(Intelligence Special.)
LONDON, Eng., March 5.—A score of suffragettes, who participated in the last night's demonstration, were given sentences ranging from one to two months' imprisonment. This is an innovation, as heretofore the women were merely detained in jail. The suffragettes were notified that in future all riotous or similar offenses will include hard labor.

IS THERE NOTHING TO APOLOGIZE FOR?

Scathing Comments on the Cost of the Construction of Transcontinental Railway

After Hon. W. T. White had made his very telling statement in the house the other day as to the enormous waste which the country had been subjected with in connection with the National Transcontinental, Hon. Frank Oliver, who was leading the opposition, rose in his place and declared that in the late Government had absolutely no apology to make for the cost of construction.

But the fact that the Liberal leader thought that everything has been as it should be, does not mean that the country will have been brought out almost nothing.

At the House of Commons, during the session of 1908 reiterated the statement that the cost to the country of the railway would be nothing more than the interest charges which it would be liable for during period of construction, which he put at \$18,000,000. But it now appears that these will reach at least the colossal total of \$60,000,000.

But the country will be liable for the interest on the expenditure as well as to it is certain that no company can pay the interest on this sum of pay dividends.

The cost is placed at \$18,000,000 per mile, and the cost of the railway is only one-third of that amount. The cost of the railway is only one-third of that amount.

Nothing more delicious than these toasted flakes of sweet corn hearts. May you be better. Until it is, Kellogg's will stand supreme—the breakfast cereal of the masses as well as the classes.

THE FIVE-STRIPED FLAGS HAVE VANISHED

PEKIN, March 7.—The possibility is widely discussed of the Manchus taking over the city and proclaiming a monarchy again. The Chinese papers print this suggestion, but, as Mr. Mauger, editor here, has been following in the past six weeks, it seems hardly probable that one can be found over. Should a dictator arise in would lead the nation to

20,000 Manchus there, who are now the most concrete force remaining in the northern provinces. Dr. Yen, General Blang-Yen Governor of the province, whose family was slaughtered earlier in the rebellion, is still fighting in the Emperor's name. It is reported that General Blang-Yen has 20,000 followers. He controls the situation in a large part of Manchuria.

The killing of many whose names had been registered on the attack on the Manchus delegates, at the first outbreak, and the liberation of Yuan Shi Kai by his soldiers, all indicate the reactionary feeling. Furthermore, the Republicans, led by Yuan, have been decorated every time a Peking, by order of the police, a new "deplorable" by the Chinese soldiers, and the buildings although the desert has not been re-occupied.

DANGERS OF FAT

How Fat Affects the Heart

It is a well known fact that the heart is the most important organ of the body. It is the heart that pumps the blood through the veins and arteries to all parts of the body. If the heart is weak, the blood will not flow properly and the body will be in danger.

Some newspaper readers are inclined to find their indulgence in comic strips and other light reading, such as the "copy" which is the most common of all, and the difficulty in achieving perfection in the almost impossible to secure. In fact, while freedom from error is almost impossible to secure, it is not impossible to secure. In fact, while freedom from error is almost impossible to secure, it is not impossible to secure.

ST. JAMES DRESS MAKING INSTITUTION
 Ladies Pay Taxes.

Quebec From West Willing to Relieve Y.M.C.A. From Right Support. Another of the "Practical" But Since Institution is Established, the Bill Will Go to Third Reading—The Toronto Telegram.

Toronto, March 12.—St. James' Hall expressed his views forcibly upon the question of exempting the Y.M.C.A. from the right of taxation. The question arose over the bill introduced by Mr. Williams to incorporate the new Y.M.C.A. of St. James' Hall. The speaker to exempt the association from all school and municipal taxes except for local improvements.

"The bill to me entirely I wouldn't allow any exemption in the province to be exempt from school taxation," declared the speaker. "I don't care whether they are Y.M.C.A. or Y.W.C.A."

"St. James' institution, however, that because the institution in question was incorporated with educational purposes, it should be allowed to be exempt from taxation."

"The Y.M.C.A. was not exempt from taxation and the Y.W.C.A. was not exempt from taxation. The Y.M.C.A. was not exempt from taxation and the Y.W.C.A. was not exempt from taxation."

URGENT CO-PARTISHERSHIP
 Movement on Foot to Solve Coal Crisis in England.

Pettit, Being Prepared to Have a Royal Commission Appointed to Investigate the Possibility of a Co-Partisanship for Mining Industry. Mr. Agnew to Meet Prime Minister and Others.

London, March 12.—(C.A.P. Cable.)—A movement is on foot to call for a royal commission to enquire into the situation of the coal industry in England as a likely solution of the present coal shortage.

"The National Mining Federation unanimously decided last night to send a representative of the Government to meet the coal owners and the representatives of the Government at a round-table conference, at which the Federation will present the Government's case coupled with the reservation that the Government will not be satisfied until the coal situation has been improved."

"The most hoped for from the conference is that some basis of agreement will be reached for the raising of a new coal tax."

"The strike will continue for another week, but it is believed that the coal situation will be improved by the end of the month."

"The coal situation is improving, but it is believed that the coal situation will be improved by the end of the month."

COACHMAN MEAD TERRIBLY BEATS YOUNG WOMAN WITH STICK

Moultrie, Then Ends His Life—Under a Stick of Dynamite

Fanned Injury by the Old Father the Boy, Frank Hartford

Cause of Tragedy Now Brewed in N.Y.

SOMERSET, N.Y., March 12.—In their home, handsome Cottage of grandeur, two girls of distinction, Miss Mary and Miss Hartford, daughters of the late, Frank Hartford, coachman of the Episcopal Church, and granddaughters of Mrs. Seth B. Hartford, widow of a wealthy shipowner, sat under a large tree known as the "Chestnut" about a mile and a half from the village, are recovering from an attack made upon them yesterday by George Mead, their grandmother's coachman and the caretaker of her house, in her absence.

All that remains of Mead, was taken today from the morgue to the fatal cottage near the tree under which he brought his bride less than six months ago. Mead, facing execution at the hands of executioners of H. H. Vreeland, former lord of the Metropolitan Street Railway Company, blew himself to pieces with a stick of dynamite. His young wife is prostrated.

His only child, 18 years old and his sister, 16, were taken to the hospital, having sustained the injury of Mr. Hartford's death.

Apparently Mead intended to kill both of the girls and perhaps himself at the same time, to avenge a slight wrong at the hands of their father. Mead is known to have believed in the doctor's advice.

Mrs. Hartford, on leaving for the winter, four months ago, refused to allow him the use of her automobile, which he might learn to be a chauffeur, and she had to leave the village, aged 84 to 86 to a rooming house for setting as caretaker. No later than the morning of the tragedy, Mead "got square" with the doctor.

The attack on the girls was made about 3 o'clock, when they reached the cottage, after a 15 mile drive from town, bringing here the police response to a telephone message from Mead that the girl had been injured.

Mead is known to have believed in the doctor's advice. He had been told by the girls' father that he should not allow them to go to the village, and he had to leave the village, aged 84 to 86 to a rooming house for setting as caretaker.

What is 'Good' Tea?
B. ROSE TEA brand was widely known for Red Rose Tea was sold throughout Canada. A woman asked her grocer if he had any 'Good' Tea and the grocer replied: "Red Rose Tea is Good Tea."

Red Rose Tea is Good Tea
There you have the origin of our modest slogan for Red Rose Tea. And surely no better source for good tea could be given.
Consider the matter for a moment: Suppose you were to forget the name "Red Rose," and ask the grocer for "Good Tea." What would your grocer mean by the term "Good?"

Red Rose Tea is Good Tea
You would simply mean Tea that was ALL Tea could be. So when we are able to say "Red Rose Tea is Good Tea" we have said all that can be said.

Red Rose Tea is Good Tea
RED ROSE is a blend of the best Indian and Ceylon Teas.
Because these are the world's best Teas—Asian—Northern India—is the original home of the Tea plant—the soil being specially adapted for growing this strong Tea.

Red Rose Tea is Good Tea
Ceylon Teas are more delicately flavored. Therefore the Red Rose blend is generously rich in both, strength and flavor.
Even if modestly and simply advertised as "Red Rose Tea is Good Tea"

Red Rose Tea is Good Tea
There are several good reasons for this. First, the tea is of the highest quality. Second, the tea is of the highest quality. Third, the tea is of the highest quality.

CRITICAL TIME OF WOMAN'S LIFE

From 40 to 50 Years of Age.

So, Wellington, B.C. — "For a year during the Change of Life I was all run down. I was really

too weak to walk and was very despondent and thought I was going to die, but after taking Lydia E. Pinkham's Vegetable Compound—and

Blood Purifier my health and strength returned. I am very thankful to you and praise your medicine.

I have advised several women who suffered as I did to try your remedies. You

may publish this if you wish."—Mrs. DAVID R. MORRIS, South Wellington, Vancouver Island, B. C.

No other medicine for woman's ills has received such wide-spread and unequalled endorsement. We know of no other medicine which has such a record of suc-

medicines which has stood a record for success as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been the standard remedy for woman's ills such as inflammation, ulceration, tumors, irregularities, periodic pains and nervous prostration, and we believe it is unexcelled for women's diseases.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. for ad-

rice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Moreover the double-tracking of

Well Again.

Hindsboro, Ill. — "Your remedies have relieved me of all my troubles. I would have such bearing down misery and cramps and such weak, nervous, dizzy spells that I would have to go to bed some days I could hardly stay up long enough to get a meal."

Hindstone, Ill. — "Your medicine has relieved me of all my troubles. I would have such beating down misery all through my head and neck, and, moreover, I am unable to get to sleep. I am sure that I would not have been able to get to sleep for many days if I could hardly stay up long enough to get a total."

"The doctor's medicine did me no good," I changed to Lydia E. Pinkham's Vegetable Compound and in a few days I was free from the first trouble. I kept on taking it and used the Balmative Wash until I was well again. I think even women who suffer as I have, could take the same medicine." — MRS. CHARLES MATTHEW, Box 68, Hindstone, Ill.

OF THE
PEACE
TELLS REMARKABLE EXPERIENCE
WITH ZAM-BUK
SUFFERED FOR YEARS WITH ECZEMA
& ULCERS NOTHING SEEMED ABLE TO DO
HIM ANY GOOD. ZAM-BUK CURED HIM.

Mr. J. R. Arsenault, a Justice of the Peace, and
stratagem master at Wellington, on the Prince Edward
Island Railway, says:
"Four years ago, I fell ill in the station and fell
down. I was taken to a hospital, but a lot of my
leg. I thought this would heal, but after
my leg to be developed into a bad ulcer and later into
a form of eczema which spread very rapidly and also
started on the other leg. Both legs became so swollen
and sore that I could only go about my work by
having them bandaged. My doctor said I must stop
work and lay up. After six months of this trouble I
consulted a specialist doctor, but with no better result.
I tried all the salves, liniments and lotions I heard of,
but instead of getting better I got worse. This was
my condition when I got my first box of Zam-Buk.
Greatly to my delight that first box gave me relief.
I continued to apply it to the sores, and day by day they
got better."

"I could see that at last I had got hold of some-
thing which would cure me, and in the end it did.
It is now over a year since Zam-Buk worked a cure in
my case, and there has been no return of the eczema
or any trace of it. It would be a pity to let a case
where the sores were worse than those on my
limbs, and I think Zam-Buk is a marvelous healing
agent. It could not have cured me as it did when the
case failed."

WHAT ZAM-BUK CURES.
The above is but one example of the
wonderful work which Zam-Buk has done for
many years. It has cured many cases of
eczema, ulcers, and other skin diseases. It is
a simple, safe, and effective remedy. It is

The lesson of thirty, necessary to the future welfare of your children, is perhaps best taught by opening for each a Savings Bank Account, and encouraging them to deposit regularly a portion of their spending money.

Though they may not accumulate very much money, they will learn its value and how to save it.

We welcome Children's Savings Accounts.

PROF. EHRLICH WON'T RISK ANY HUMAN CANCER TESTS

FRANKFURT ON THE MAIN. March 25.—Prof. Ehrlich, the celebrated medical scientist, has today to report the Berlin newspaper of the Times at the Royal Prussian Institute for Experimental Therapeutics in Frankfurt today and the present phase of his latest experiments, particularly in cancer and the important "GX." Dr. Ehrlich states that he has already been overwhelmed with applications for his cancer "GX," including many from the United States. "I am glad to embrace this opportunity," he said, "to emphasize in the most positive manner the utter impossibility of granting such requests at this hour. Many of them, from victims in the last stage of the cancer, who expect their lives to be saved by the use of this potent purely experimental stage, no matter how costly the possibility. We must, of course, refuse to request of this kind. For no one can part with us on the part of."

DIVINE REMARKABLE FEAT

Patience Crippled Woman in a Heavy Bed, with Bizarre Hair. SAN FRANCISCO, March 27.—One of the most remarkable feats ever performed by a divine is related by the divine and one of the British ship's doctor, who is undergoing repairs on the ship. The divine, who is a young Irish ship doctor, has been in the hospital while the ship was in heavy seas and was called on to make the voyage to this port. The divine was rescued from the ship of Mexico when it was in a state of distress. The divine was rescued from the ship of Mexico when it was in a state of distress. Fortunes in Tea Cups

Did you ever learn to tell fortunes in tea-cups? Some of you say: "There's nothing in it. It's just foolhardy." But that is a mistake. There is any amount of fun wrapped up in the water, money-looking tea leaves, and now that the long, cold days have come and the tea hour seems the closest to the day your popularity will be established by utilizing your own tea-cups by telling your friends' fortunes. Here is the way to do it. Have the tea in a teapot without a strainer or put a spoonful of tea in the cup itself and pour the hot water directly upon it. The tea must all be drunk except a few drops, which serve to keep the leaves in circulation. The cup must be whirled around three times, then turned on the shore three times. Then begin the fortune-telling.

A lover (either man or woman, be careful sometimes you have "picks" in parties) is represented by a number of dots in which your figure stands separate. Two dots side by side mean an engagement. An offer of marriage is shown by a figure kneeling in the cup. A group of dots, three in a row, means that the offer will be accepted. Without further delay, however, see. Three large dots in the shape of a triangle mean love, or love. Three small dots in a triangle mean good fortune and good health. If you are a man, the following signs will tell you just what you expect. If you are a woman, the following signs will tell you just what you expect. If you are a man, the following signs will tell you just what you expect. If you are a woman, the following signs will tell you just what you expect.

Look out for the last that folds the tea leaves. The tea leaves are likely to have a stroke of good fortune. The tea leaves are likely to have a stroke of good fortune. THE Y. M. C. A. BUILDING FORMALLY DEDICATED

The formal opening of the new Y. M. C. A. building took place last night. There was a large and representative audience present, the lecture room of the building being filled by the delegates from the Y. M. C. A. of the various cities.

Mr. D. W. Mott, the President, presided, and the meeting was opened with the singing of that very appropriate hymn—"Blest be the Tie that Binds." The invocation was read by Rev. A. R. Kerr, of St. Andrew's Church, and followed by the delivery of the address by Dr. Bishop of Bridge Street Methodist Church.

The program addressed the necessity for a short time, reviewing the history of the Y. M. C. A. in Montreal in the city since its inception. It is now about twenty years since the Association was organized, and after many years of trials and discouragements he was pleased to present on the occasion of the formal opening of this new building. It was placed most happily in the hands of the President of the Association—Mr. H. C. Mott, who had not been to the city for some time.

He then turned to the Y. M. C. A. work during his eight years' residence in Montreal. He had been the chairman of the committee on the Y. M. C. A. building, and he had been the chairman of the committee on the Y. M. C. A. building, and he had been the chairman of the committee on the Y. M. C. A. building.

On behalf of the Ministerial Association, the Rev. C. G. Smith, D.D., of Victoria Avenue Baptist Church, was called upon for a few remarks. He said that the Y. M. C. A. was a college of the city, and he was proud to be a member of the Association of this city. THE SALVING OF THE ARCADE

An Adventure in Mid-Ocean

By Ernest H. Robinson.

Captain Purnell took the coach and with the mate was trying for himself at the gallery first, and swung himself up on to the bridge.

"Now, my dear little fellow, to be so noisy," he grunted, as the blither non-sensical roared at the sight of the sailor stars at his board and tried to start the collar of his oilskin through his teeth. "Till a good bye, good bye, he takes his life a deal too easy. Good bye, and all nice and dry—for a small fish!"

The steam-whistle, which Captain Purnell referred to with pride as the

"Ready, makes himself a deal too handy," he grunted, as the boiler room door at the bow and tried to start the collar of his oilskin through his thigh. "Tie's a good mate, but he takes his life a deal too easy. Socks and mitts—all nice and dry—for a mate like him."

Captain Porters hummed a song. It mattered not to him that his crew

THINGS TO KNOW

To poach an egg so that the water does not touch it, put a piece of butter at the bottom of an old trcup, then break in the egg, place the cup in a small saucupanful of boiling water, and in about five minutes the egg will be set. Pass a knife round the sides and slip out on to the toast—this prevents the toast getting damp.

For Watery Potatoes
When potatoes are likely to be watery, cook in the following way: Score the skin with a sharp knife—not too deeply—then boil in salted water. The incisions made let out the water in the potato, and renders it dry and fluffy when cooked.

Try Grating Your Apples
Line a plate with paste, and then grate in the apples instead of slicing them. This will ensure the fruit being dry and fluffy when cooked.

Snow-White Tables and Boards
If a kitchen table becomes dirty looking, cut a lemon in two and rub it all over the table. Then rinse well with pure, clean water, and the result will be a smooth and snow-white top. Pasteboards may be treated in the same way.

Lemon Poly-Poly
Take three-quarters of a pound of

four, six ounces of lard, the juice of one lemon, one teaspoonful of sugar, and one extra teaspoonful of flour. Mix the flour and lard into a smooth paste, and roll it out to the thickness of about half an inch. Squeeze the lemon-juice (strained) into a cup. Stir the teaspoonful of flour and sugar into the juice to make a stiff paste. Spread this mixture over the paste and roll it up. Then tie the pudding into a floured cloth. Boil for two hours.

Stewed Chicken
Take a chicken, cut into joints; put into a stewpan two large onions (chopped fine), four tomatoes, some parsley, a little sage, a few bits of bacon cut small, and half a cupful of good stock. Stew gently for two hours. Just before dishing up, add a wineglassful of sherry.

Barley Pudding
Take half a pound of pearl barley, well washed; add one quart of new

Fish for an Invalid
Half a saucerepful of water boiling, and place a nice cutlet of fish in a soup plate with a tablesperepful of cold water and a nice piece of butter on

the top of the canister, and cover with another soup plate. Place this over the boiling water and steam gently for twenty minutes. By cooking in this way you have all the nutriment that the fish contains. . .

amounting to \$1,000,000, the Bradley Contracting Company of New York last week placed a new order with Hiss Doerr & Carroll for five hundred fancy draughts and approved plans for a new stable to accommodate six hundred horses in Long Island City. After experimenting since last July with mechanical substitutes, William Bradley is convinced that for the contracting business, at least, horses are more reliable and economical than machines, and henceforth he will stick

to the horses. The company's entire system is to be changed to three-horse teams, this unusual style of equipment having been found to work better than any other in moving earth, rock and cement. With dump wagon, harness, blankets and everything complete one of these three-horse turnouts costs about \$3,000. This is a tidy sum to invest in a work team, but Mr. Bradley says his long experience with all kinds

"The gentleman seems to feel rather deeply on the subject," said a commercial traveller, who had been listening to his remarks.

"He do," assented one of the natives.

"Has he lost something at a casino?" inquired the commercial.

"He ave so. Ad a relative killed at one," replied the other oracularly.

"What relative was it?" asked the

quarist.
"It is wife's first 'unband!' was the response."

NOT WORTH KNOWING.

Lord Charles Beresford's appearance in costume at a fancy dress ball recently recalls an incident in which he figured at a masked ball a few years ago—at Holland House, if one remembers rightly.

One of the other guests was a rather stily woman who fluttered round Lord

Charles peered at him through her mask, and kept repeating in a squeaky, unnatural voice: "You don't know me! You don't know me! You don't know me!"

"No, and I don't want to," retorted Lord Charles, turning disgustedly away.

"Do you know, Fidget," she remarked in a confidential manner, "that if you wash your face every day in hot soap and water, it will make you beautiful."

"Will it?" answered the wiry Bridget. "Sure, it's a wonder yo never tried it, ma'am."

WOMEN FENCERS

They Are to be Admitted in Competitions With Men

Women are to be admitted as competitors to the national championship tournaments of the Amateur Fencers' League of America. That was the declaration of Dr. Graham M. Hammond, president of the league, and he went even further, in stating that the Fencers' Club of New York was about to inaugurate a series of weekly sol-

MRS. RICHARD ARNST
Even the most nearly perfect of the new machines may get out of order, and champion sculler Richard Arnst recently had to go to a Sydney hos-
